Foreword

Four years ago, a class of bewildered freshmen stepped through the doors of Monroe High School for the first time. They were a picture of confusion as they gazed upon the cheerleaders posters that decorated the halls, as they witnessed the spirit and excitement at the football, basketball, and baseball games, as they struggled through freshman P. E. classes - as they enjoyed the many "firsts" of high school life. But, finally, that year passed and then they were ...

They still remember their first Junior-Senior; their fingers are still cramped from College Boards; they still display their class rings with pride; they can still hear the words, "Today's minute message is entitled ...," and they still remember the serenity of the National Honor Society tapping. But this year passed all too quickly and then they were ...

... seniors. This year holds a special place in their hearts for it is their last - their last Homecoming, their last Junior-Senior, their last MOHISCO. They remember the pep rallies, measuring for caps and gowns, the FFA, their Homecoming Queen, their Carrousel Queen, English assignment sheets, College Night, superlatives. They are filled with pride when underclassmen stand for them as they walk down the aisles. Now, they anticipate final exams, graduation practice, and finally, graduation. And they wonder about life after graduation - about college and about careers.

To seniors, this MOHISCO will serve as a reminder of the many experiences, good and bad, of high school life. To the rest of you, we hope that it will also serve as a challenge - a challenge to hold "Rebel tradition" high and to make MHS a school of which we can be proud.

Science helps encourage independent thinking by exploring the "unknowns" of nature. The world of science is one for the curious, imaginative, and persistent. It consists of laws and elements that rule our lives. Physical science classes prepare students for more advanced sciences. Sophomores study living things in biology. Chemistry and Physics are electives for those who desire more knowledge.

Much practical knowledge is gained through vocational training. In home economics, the homemakers of tomorrow learn cooking, sewing, home planning, and child care.

Another division of vocational training is Industrial Cooperative Training. Students attend school until noon and then work at various jobs. This enables them to obtain jobs immediately after finishing high school.

In Distributive Education, students train for careers in marketing and distribution. In the classroom they receive instruction in marketing and work in the afternoon in some business related to distribution.

Mixed Chorus

Our students gain a greater appreciation of music and art through the study of fine arts.

Our hard-working band learns much about music while performing at football games, in parades, in contests, and in special activities.

Freshman and sophomore girls make up the Girls' Chorus. The Mixed Chorus is composed of junior and senior girls and boys from all classes. These groups gain much knowledge about music as they perform in assembly programs, concerts, and contests.

Art students learn to show their originality by studying color and design and by exhibiting their work.

TO THE SENIOR CLASS OF '70

The members of the graduating class of '69 have had an eventful final year at Monroe High. The excitement, challenge, and learning of this year have left us with certain special feelings which only seniors can understand: The special feeling at the last football game, "our" Junior-Senior, finishing all of our memory work, receiving that fat letter from "that college," the dedication of our MOHISCO, walking down the aisle for the last time. All of these experiences have been invaluable in preparing us for the future, and some of these old memories will return when we see an old friend or hear our Alma Mater.

May your senior year at M.H.S. be as rewarding and as fun-filled as ours has been.

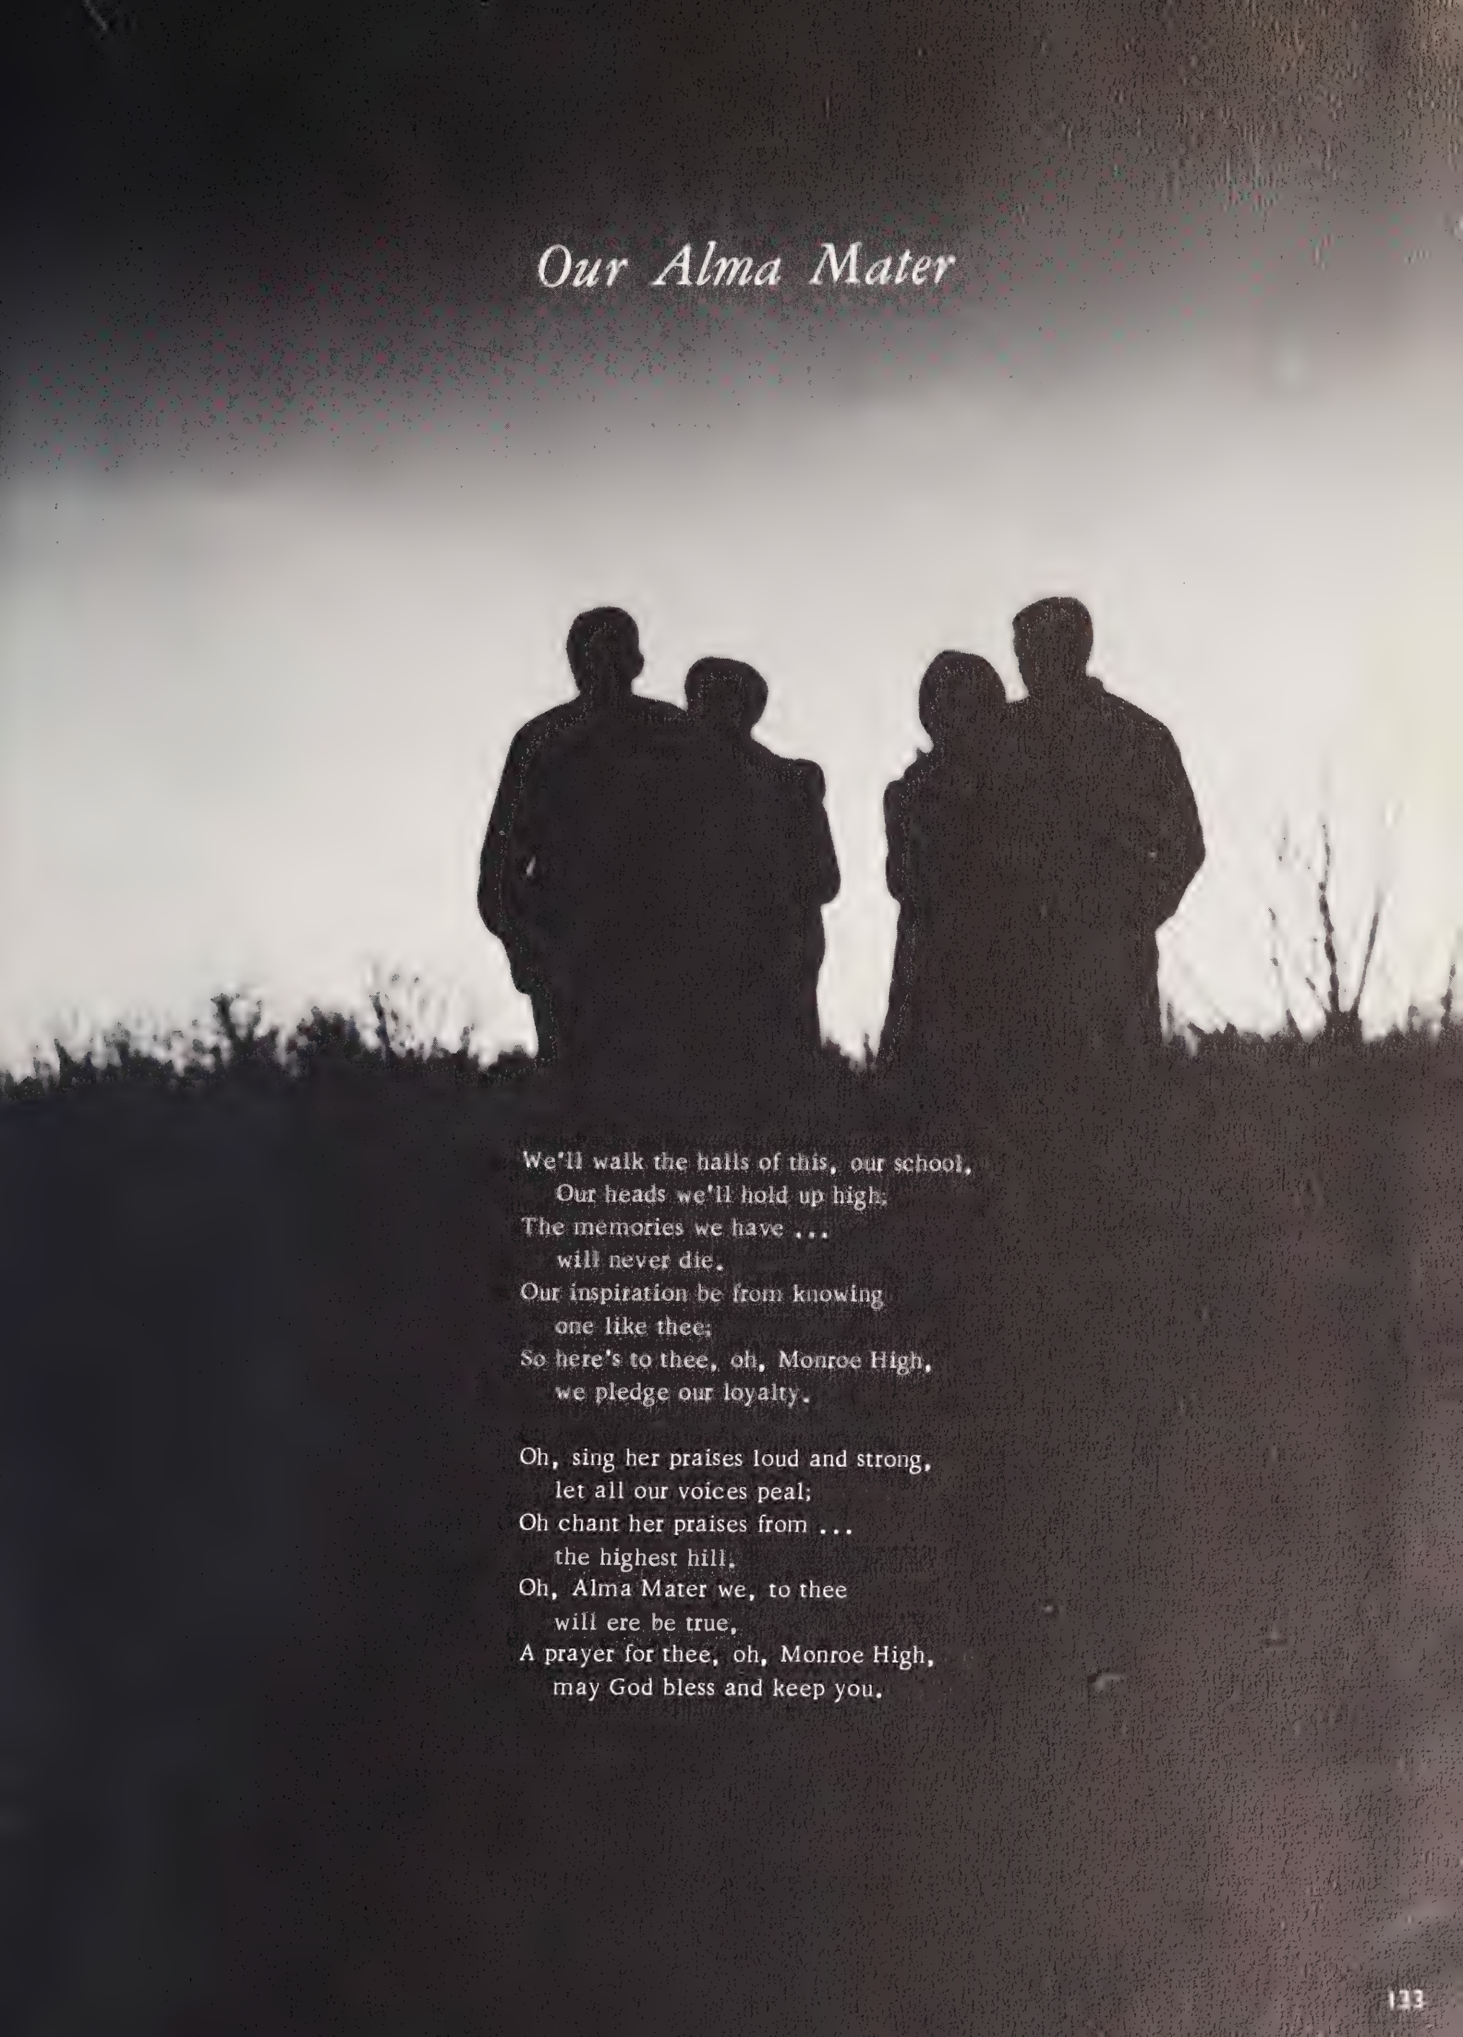
A Day in the Life of A Monroe Hi Student

Our Alma Mater



We'll walk the halls of this, our school,
  Our heads we'll hold up high;
The memories we have ...
  will never die.
Our inspiration be from knowing
  one like thee;
So here's to thee, oh, Monroe High,
  we pledge our loyalty.

Oh, sing her praises loud and strong,
  let all our voices peal;
Oh chant her praises from ...
  the highest hill.
Oh, Alma Mater we, to thee
  will ere be true,
A prayer for thee, oh, Monroe High,
  may God bless and keep you.
